Our History

Established on the 14th day of September 1994, Located at Brgy. Valencia, Quezon City. Ultra Petronne Interior Supply Corp. formerly known as Petronne Trading, started as a retailer of gypsum boards, acoustic boards, tee-runners, studs and tracks, channels and accessories, providing sales and services to local industries and business.

In the same year we began to import various products such as acoustic boards and tee-runners directly from USA, Canada and distribute locally. Diving to high market demand, we finally expanded our capacity by setting our own manufacturing plant in Oriental Wood Processing Bahay Pari, Meycauayan, Bulacan in 1998. This marked the beginning in our nationwide distribution business

CONSTRUCTION

Established on the 14th day of September 1994, Located at Brgy. Valencia, Quezon City. Ultra Petronne Interior Supply Corp. formerly known as Petronne Trading, started as a retailer of gypsum boards, acoustic boards, tee-runners, studes and tracks, channels and accessories, providing sales and services to local industries and business.

In the same year we began to import various products such as acoustic boards and tee-runners directly from USA, Canada and distribute locally. Diving to high market demand, we finally expanded our capacity by setting our own manufacturing plant in Oriental Wood Processing Bahay Pari, Meycauayan, Bulacan in 1998. This marked the beginning in our nationwide distribution business

By the year 2004, we finally formed Petronne Interior Supply Corporation. Since then our distributor network has grown further. As of the year 2009 Petronne has emerged and change its company name to Ultra Petronne Interior Supply Corp.

Ultra Petronne Construction Division is under the management of UPCC Division. We specialized in Structural Retrofitting, Concrete Repair and Protection, Crack Injection and Sealing, Structural Works, Civil works/Fit-out, Waterproofing works, Painting Works, Structural Sealing and Re-sealing works, and Engineering Design and Services. Our work is done with quality and efficiency, so that our customers know what to expect when availing of our services.

INTRODUCTION TO CRANMORE WINDOWS AND DOORS

Welcome to Cranmore Windows and Doors, the Philippines' trusted window and door specialist. For almost two decades, Cranmore has been sourcing premium windows and doors at competitive prices.

We are a division under **Ultra Petronne Interior Supply Corporation**. We have been operating since 2008 and have since become classified as an importer, wholesaler, and distributor of windows, doors, and other products with dealers and fabricators all over the Philippines.

Living up to our mission, which is to help Filipino homes have A Better View of Life, we go beyond simply supplying windows and doors. We offer a one-stop-shop for all of your window and door needs, handling everything from fabrication and installation to accessory and hardware sales and beyond. Our range of products and services allow you to enjoy beautiful, lasting windows that offer an unobstructed view of life's best backdrops.

We are fully prepared to cater to projects of any scale. Whether you are a homeowner in need of a replacement window or contractor looking for a supplier who can handle bulk orders of windows and doors, we are the company for you.

OUR PRODUCTS

UPVC AND ALUMINUM WINDOWS AND DOORS

Cranmore Windows and Doors fabricates both UPVC and aluminum windows and doors. Our profiles are carefully crafted with corrosion resistant materials, anti-aging treatment, and heat and sound insulation. They exceed energy-efficiency standards and require low-maintenance.

WINDOW TREATMENTS

Our range of window treatments includes window blinds and roll-up and accordion screens. Our blinds are perfect for providing privacy and minimizing the amount of sunlight that enters your home, while our screens can effectively keep insects away.

GLASS FITTINGS AND BALUSTRADE

Sternglaze products include shower enclosures and glass fittings for doors, railings, balconies, partitions, and dividers. They are created with high-grade stainless fittings and are available in a wide range of configurations and designs.

BAFFLES, CEILINGS, AND FLOORS

Our baffles can be used either as a wall partition or as a design for your ceiling. The profiles are made with an extruded UPVC material so they are both lightweight and easy to maintain. They can compliment the architectural style of your home.

SOLAR POWER SYSTEMS

Soltek's product range includes on-grid and off-grid solar power systems, solar water pumps, and solar street lights. Our packages are suitable for both commercial and residential applications. You can significantly reduce your electricity bill or even achieve a zero-bill with this type of system.

Whistler Steel

Roofing and Decking

The most important part of your home or building is the roof over your head. It protects you, your business, and your possessions while enhancing the beauty of your property.

At Whistler Steel, we offer you a corrosion resistant roofing system at custom made lengths and formed with a high degree of precision, quality, and safety. We also manufacture purlins, steel floor decking accessories all from imported coils.
